

# Fracking – Home & Away

## *Questions for us & our global neighbours*

Churches Together  
in Lancashire

Lancaster Diocese  
**Faith & Justice**  
Commission

### THE PROCESS

*Impact of construction,  
production & decommissioning?  
Pressure of transport?  
Priority for water supply?  
Wastewater?  
How effective is regulation?  
Environmental risks 30 years  
later? 50 years?*

### LOCAL EFFECTS

*Our climate?  
Carbon reduction policies?  
Where now with sustainable  
alternatives?  
Control & finance?  
Who benefits?*

### OUR GLOBAL NEIGHBOURS

*Global gas supplies & prices?  
Multinationals in control?  
One climate; different effects?  
God's abundance for rich  
and poor?  
For us only or for our  
children too?*

**Please read the discussion paper  
and questions, then decide what  
action you need to take...**
