Small Missional Community

SMALL

Small is packed full of potential. A seed of the Kingdom of God. A few called to learn and live at the grassroots. Small is local and humble, contextual and catalytic. Small is a spark for change, a unit of love ready to multiply hope.

MISSIONAL

Missional is getting involved with what God is already doing. It is frontline, seeing the first fruit of transformation. Moving into the neighbourhood, missional is incarnational, fleshing out faith and discovering new life.

COMMUNITY

As a Community we are intentional about being and making disciples through the costly adventure of shared living. A generous space for people to be and to do, as pioneers and contributors who share Christ through relationships. A Community of HOPE – Hospitality, Openness, Prayer and Engagement.
