

Dear Church Leader,

You know the importance of equipping believers to share their faith. That's why **Christ for all Nations (CfaN)** is offering **FREE One2One Workshops** to churches like yours all over the UK.

These workshops are designed to empower believers at every stage of their journey, giving them:

- Biblical teaching on Spirit-led evangelism
- Practical, hands-on outreach in the local community
- Real testimonies of lives transformed by Jesus

For over 50 years, CfaN, founded by Reinhard Bonnke, has seen more than **105 Million Documented Decisions for Christ**. Now we believe God is calling us to pour into the UK Church, helping believers step out with boldness and love.

The need is clear: **96% of Christians** in the Western world rarely share their faith. Together, we can change that.

Let's equip the saints and reach the UK!

Together for His Kingdom,

Luke Cartwright
