

Greetings

Dear Friends,

It is my great joy to invite you to the ICCC National Conference 2011.

Much attention is currently focussed on the economy in the UK and globally, how soon will it recover and how can governments prevent future financial crises from having such devastating

effects. These discussions largely fail to address the central question that the current economic system is fatally flawed. The global economy has suffered a major heart-attack from which it will not recover.

The bible expounds many principles for achieving prosperity with justice and equity. Please join us for revelatory teaching, fellowship, worship and prayer. If you are willing to seek The Lord's face, this weekend will be a life-changing encounter with the God who owns the earth and all its fullness.

The Holy Spirit searches the deep mysteries of God and will reveal them to God's children (1 Cor 2:10). Let me further encourage you with God's promise that eye has not seen, nor has man's heart imagined the things that He has stored up for those who love Him.

Finally, the Words of Jesus in Matthew 4:3-10 seem appropriate about the need to be watchful and to speak truth in faith and not compromise our callings and vision by worldly ways of meeting 'physical needs, money and position'.

'It is written..... One does not live by bread alone, but by every word that comes from the mouth of God...' "Do not put the Lord your God to the test..... "Worship the Lord your God, and serve only him.'

BONDS, GUILTS OR FREEDOM?

God's Financial Principles for Stable and Fruitful Business

"No eye has seen, no ear has heard, and no mind has imagined what God has prepared for those who love him."

But it was to us that God revealed these things by his Spirit. For his Spirit searches out everything and shows us God's deep secrets. And we have received God's Spirit, so we can know the wonderful things God has freely given us.

1 Cor 2:9-12
